SAMER® COLLECTION

BeChristensen is world-known for our Samer® Collection of hand-crafted bracelets and rings.

The tradition of embroidering pewter wire on and with leather has been performed by Sami artists living near the Arctic Circle for hundreds of years.

BeChristensen's Samer® Collection is designed with an inspiration from traditional designs in combination with new designs.

The Samer® Collection is handmade from reindeer or soft lamb leather and the pewter wire used contains 4% silver. Editions with black wire is made from cobber wire which has been colored and the cobber color will be revealed by time. The Lapland reindeer is a domesticated animal. Each year the antlers of the reindeer are shed, hereafter the antlers are cut and hand-polished into buttons used for the Samer® bracelets.

BeChristensen is proud to work with and represent the Sami people's traditions and to sell the beautiful handmade jewellery worldwide.

Samer® GUIDELINES

Bracelets in the Samer® Collection are available in **17, 18, 19, 20, 21, and 22 cm**

The exception is the Classic Baby edition which is available in **14, 15, and 16 cm**

Other sizes can be ordered especially for the customer.

Sizing: Add 1 cm to your wrist measurement to find your size.

Rings in the Samer® Collection are available in sizes **Small, Medium, Large and Extra Large**

Please note that each bracelet is unique and sizes may vary +/- 1/2 cm in size

Leather colors may vary slightly from one delivery to the next

Leather in itself is a very strong material but will stretch a little over time.

Samer® bracelets and rings in metallic colors are especially exposed to general wear and tear due to the additional treatment of the leather. **BeAware** and read through our recommended guidelines.

BRACELET COLLECTION

In the BeChristensen Bracelet Collection You will find a variety of bracelets that can be mixed or matched according to Your mood.

Bracelets are designed with diamonds, precious and semi-precious stones in many intriguing colors ranging from traditional black onyx to pink opal and ruby jade.

All bracelets are handcrafted in Denmark especially upon order for each customer.

Only 925 sterling silver and 14k gold beads are used. The sterling silver beads can be oxidised or plated with 14k gold or black rhodium.

CHAIN BRACELETS

The BeChristensen Chain Bracelet Collection can be mixed or matched with our Samer® and other BeC bracelets or even used on their own.

Bracelets in this collection are designed in 14k yellow, rose and white gold or sterling silver. Some sterling silver bracelets are oxidised or plated with 14k gold or black rhodium.

All bracelets in the collection except Vicenza can be adjusted to the right size.

In this collection You will find Florence, our very first charm bracelet.

NECKLACES COLLECTION

In the BeChristensen Necklace Collection You will find both more traditional designs alongside more fashionable designs.

Necklaces in this collection are designed with diamonds, cubic zirconia, precious and semi-precious stones in many intriguing colors ranging from traditional black onyx to pink opal and ruby jade.

All necklaces are handcrafted in Denmark especially upon order from each customer. All diamonds, brilliant or Rose Cut are set by hand and not by a machine in order to give a more exclusive look.

Only 925 sterling silver and 14k gold beads are used in the collection.

The sterling silver beads can be oxidised or plated with 14k gold or black rhodium.

EARRING COLLECTION

The BeChristensen Earring Collection is a classic yet modern collection of earrings set with diamonds, cubic zirconia, freshwater and Tahiti pearls alongside semi-precious stones like rock crystals.

All diamonds are set by hand and not by a machine in order to give a more exclusive look.

Only 925 sterling silver and 14k gold is used in this collection.

Some Earrings come in oxidised variations or are plated with 14k gold or black rhodium.

The Bitte Kai Rand Collection is a uniquely designed collection within the BeC Earrings Collection. The renowned designer Bitte Kai Rand has designed this collection especially for BeChristensen.

RINGS COLLECTION

The BeChristensen Ring Collection is made from 925 sterling silver and 14k gold. Sterling silver rings can be oxidised or plated with 14k gold or black rhodium.

All diamonds are set by hand and not by a machine in order to give a more exclusive look.

Diamonds used in the Rings Collection are polki diamonds, brilliant and Rose Cut diamonds.

Rings are by standard available in sizes **49, 51, 53, and 55**. Rings with diamonds, except Aziza Mussi Diamond, can be altered to sizes outside the previously mentioned standards for a fee of DKK 150 / 20 before tax. Rings without diamonds can't be altered or ordered in other sizes than the BeChristensen standard.

BeChristensen GUIDELINES

BeGentle Take off Your BeChristensen Jewellery whilst exercising, sleeping, swimming and bathing

BeAware Avoid direct contact with water and chemical products like perfume and hairspray

BeSafe Do not leave leather exposed to sunlight as leather will dry out and fade

BeClean Gold and Silver products can be cleaned with a soft cloth

Samer® bracelets in metallic leather colors are especially vulnerable to general wear and tear due to the additional processes when treating the leather.

Plated items are especially vulnerable to general wear and tear and plated surfaces will be worn depending on usage and skin type.

BeChristensen distinguishes between **Production Errors, Damages, and General Wear and Tear.**

Examples of **Production Errors:**

A stone has fallen out without the product showing any other damage, or a clasp of a bracelet is broken.

The warranty covers production errors

We replace or repair the product

Examples of **Damages:**

A glass of a watch is broken due to impacting on a hard surface, a broken necklace due to straining, a pewter wire is torn by being stuck, or other similar self-inflicted injuries.

The warranty does not cover damages caused by wrongful treatment of the product or other self-inflicted damages.

Examples of **General Wear and Tear:**

The metal is scratched, the plated or oxidized surface is worn or partially worn off, or the leather deteriorates and falls apart.

The warranty does not cover general wear and tear.

If You experience problems with Your BeChristensen product please hand it to Your retailer of purchase, together with Your original purchase receipt.

Any inquiries can be made to
sales@bechristensen.com
